# STELVIO 1000 FEATURES

## An unmistakable design

Solid, compact and powerful, the Moto Guzzi heritage can be seen in every detail. From its iconic "Compact Block" V-Twin engine to its unique single-sided swing-arm and its distinctive eagle-shaped DRL, each element is designed to bring into being Stelvio.

## Born to travel

Stelvio was designed to allow you to make the most of every ride and expand your horizons without boundaries, thanks to its 21-litre tank with a range of over 400 km. At its core is the tubular steel frame that facilitates handling of the motorbike, obtaining the optimal compromise between agility and stability.

## No road is off limits

Comfort is found in every detail of the Stelvio and no road is off limits, regardless of the load. Thanks to the 19-inch front wheel, 170-mm suspension travel, a spacious saddle sitting just 830 mm off the ground, electrically adjustable windshield and bags with built-in clips.
