STELVIO PFF RIDER ASSISTANCE SOLUTION 1000 FEATURES

Cutting-edge equipment

Moto Guzzi Stelvio offers Cornering ABS, traction control, Full LED headlights, Cruise Control and introduces PFF Rider Assistance Solution® technology, a riding assistance platform that increases safety and fun on the road.

An unmistakable design

Solid, compact and powerful, the Moto Guzzi heritage can be seen in every detail. From its iconic "Compact Block" V-Twin engine to its unique single-sided swing-arm and its distinctive eagle-shaped DRL, each element is designed to bring into being Stelvio.

Born to travel

Stelvio was designed to allow you to make the most of every ride and expand your horizons without boundaries, thanks to its 21-litre tank with a range of over 400 km. At its core is the tubular steel frame that facilitates handling of the motorbike, obtaining the optimal compromise between agility and stability.

4D radar technology for a safer, more enjoyable ride

PFF Rider Assistance Solution® The Stelvio is the first Moto Guzzi equipped with PFF Rider Assistance Solution® technology. The innovative solution was developed by Piaggio Fast Forward, the Boston-based robotics company founded by Piaggio in 2015.
